

Ergonomics in Finland

Jussi Kantola

Professor, Mechanical engineering, University of Turku

Tel: +358 50 570 6520, Email: jussi.kantola@utu.fi

TURUN
YLIOPISTO

Activity

- Not much teaching, research and practise under "Ergonomics", but much activity under sub-concepts such as work study, safety management, security, usability, medical concepts, etc. very more common
- Tampere University (www.tuni.fi) only university with MSc program: Security and safety management, 120 ECTS
- Associated faculty members at other unis in different in IE depts.
- Opportunities in education -> Chairs?!

Ref. Professor Jouni Kivistö-Rahnasto (TUNI)

Organizations

- Finnish Institute of Occupational Health (<https://www.ttl.fi/en/>): Organizational ergonomics, processes, etc.
- VTT (<https://www.vttresearch.com/en>): HF/E research
- Ergonomics society in Finland: <https://www.ergonomiayhdistys.fi/>
- Many companies active, such as Finavia (<https://www.finavia.fi/en>) and railroads <https://www.vr.fi/en> train lot of internal HF experts

Ref. Dr. Anna-Maria Teperi (THL)
